## REACH/RoHS2 Statement of Compliance

To our valued customers:

The European regulation (EC) No 1907/2006 on Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) became effective as of June 1, 2007. The European Chemicals Agency (ECHA) periodically publishes new substances to its list of Substances of Very High Concern (SVHC). The last such amendment took place June 20, 2013. American Wire and Cable Co. certifies that the substances within the SVHC list are not intentionally used or present in our products.

As your supplier we know the importance of staying compliant with REACH legislation. We will monitor the SVHC list as it continues to evolve and work with our suppliers to ensure that we stay in compliance with any new requirements.

In addition American Wire & Cable Co. certifies that our products do not contain any of the six hazardous substances above the given thresholds laid out in Directive 2011/65/EU (RoHS2).

Regards,

Mark McClain  
American Wire & Cable Co.
