

UL STANDARDS

44	Thermoset-Insulated Wires & Cables (SIS XHHW RHW)
62	Flexible Cords & Cables (SPT SJT)
66	Fixture Wire (SF1 SF2)
83	Thermoplastic-Insulated Wires & Cables (THHW)
758	Standard for Appliance Wiring Material (UL Style Numbers)
1063	Standard for Machine Tool Wire & Cables (MTW)
1581	Reference Standard for Electrical Wires, Cables, and Flexible Cords (All the wires)
2556	Wire & Cable Test Methods (Covers all the other wires)

Any standard may contain reference to other standards. Many tests and specifications are common to multiple wire types and rather than repeat descriptions or procedures UL includes them in just one standard and references this from other standards.

This information is only meant for general description purposes. Underwriters Laboratories should be contacted for a complete understanding of the standards and the products they cover. A copy of the standards is available from Underwriters Laboratories and should be referenced to determine relevance to your specific needs.
